## MINI LINKS

Have fun all-year-round with Mini Links

Mini Links Miniature Golf offers versatility in a box. You can set up from one to 18 totally different "holes" to produce your own miniature golf course on any firm, reasonably level surface. Simply slide together the base panels, insert and tighten the fasteners, drop in the pin cups and roll out the pre-cut "turf" surface.

That's it . . . you're ready to play a fun round of miniature golf.

We can also supply removable hazards (props) to add interest, variety and more of a challenge to each hole.

When you've finished with Mini Links, it can be dismantled in minutes and stowed away neatly until next time.

### Mini Links from Huxley Golf:

- Can be set up just about anywhere that people gather, indoors or outside
- Offers great revenue earning potential for site owners, charities and fund-raisers
- Perfect for parties, corporate and sporting events, exhibitions, festivals and shows
- Ideal for installation at home and at hotel and leisure resorts, campsites, showrooms, shops and retail centres
- Totally mobile enabling it to be stowed away neatly when not in use
